Our Library Addition

The Vineyard Haven Library has engaged Maryann Thompson to design an addition to the library building that will serve as a multi-purpose meeting room. The Vision Forum and Library Building Committee are hosting a community meeting to learn how the community envisions the new space, and how they would like the meeting room to look and feel. Maryann and her team will conduct activities to develop a project 'wish list' and a character study to understand community preferences. All are welcome to attend. Refreshments will be served. The library is a very special community resource. We encourage you to come and meet the design team.
