

SEWER ADVISORY COMMITTEE

MEETING AGENDA

November 28, 2018

4:00PM

Department of Public Works
115 High Point Lane, Vineyard Haven, Ma.

1. Approval of minutes – October 10, 2018
2. Application for additional flow: Ben Hall Jr.
30 Main Street: Units 3 and 4: applicant Anthony Foster to confirm adequate flow for what I understand would be a 30 (or possibly a 40-seat restaurant - sufficient to meet minimum requirements for eligibility for a license for service of alcohol) seat restaurant. The building is yet to be connected to the sewer but a stub was provided for the building on Spring Street at the time of the installation of the pipe and it is our understanding that connection to the sewer despite the massive on-site septic system is the preferred (but not necessarily required) route for a food service facility at this location.

35 Main Street: (which has had previous approvals for restaurants of 130 seats): Aaron Zeender to seek flow for 130 seat restaurant with take-out food service of some sort (possibly a bakery). This property is connected.
3. Update on leach field study
4. Replacement parts: budget implications
5. Development of web page for State Road Sewer District
6. State Rd. Sewer District – cost sharing, tie-in policies: continued discussion
7. If time allows, continued discussion of policy on mandatory tie-in in Main St. District
8. Next meeting: December 12, 2018
