

# Tisbury School Building Committee

## PUBLIC INVITATION TO COMMUNITY INPUT WORKSHOPS FOR THE TISBURY SCHOOL

**DATE:** Monday, April 3, 2017  
**TIME:** 10:30 am or 7:00 pm  
**LOCATION:** Tisbury Emergency Services Facility  
215 Spring Street

The Tisbury School Building Committee invites the public to attend a community input workshop to learn about the study for the Tisbury School building.

Following a presentation, community attendees will break into smaller groups to review the options and ask questions. The community is encouraged to share their thoughts on each option. Study options include:

- Renovation and expansion of the existing school
- New construction on the existing school site
- New construction on available land at the Tashmoo Well site
- New construction on available land at the Manter Well site

We hope you can join us, and look forward to hearing feedback from the community on this exciting project.
