Tisbury Fire Department responded to a 1<sup>st</sup> alarm structure fire at 35 Mt. Aldworth with the assistance of Duke County Sheriff, Edgartown Fire, Oak Bluffs Fire/EMS, Tisbury EMS and Tri-town EMS. The Fire was reported at 3:52pm.

Brave members of the neighborhood and people driving by heroically helped the resident out of the house. Upon a 360 scene size up, it was determined that there was heavy smoke and flames coming from the second floor. The first arriving fire truck knocked down the fire from the exterior. The fire extended to the third floor requiring interior fire ground operation to extinguish the fire. The driving wind caused the fire to extend to a wooded area near the house which was extinguished quickly. Overall, the wind played only a small roll in the fire spread. The fire was declared under control at 4:37pm. All mutual aid partners were released at 5:29pm.

One party was transported to the hospital. At this time, the fire is still under investigation. The Tisbury Fire Department would like to wish the resident a quick recovery and to thank our mutual aid partners for their assistance.

Patrick B Rolston  
Deputy Fire Chief  
Town of Tisbury
