

Martha's Vineyard Boards of Health

Positive COVID-19 Cases on Martha's Vineyard
As of April 9, 2020
4:00 PM

No new confirmed cases.

Total to date:*

12 Laboratory confirmed positive cases

5 Male

7 Female

Age Group

20-29 2

30-39 2

50-59 6

60-69 2

*Due to the use of private laboratories these numbers may temporarily differ from those on the Mass DPH report. In addition to potential contacts of confirmed cases we are following clinically suspect cases reported to us that may not meet the criteria for testing in an effort to contain the illness.
