Effective at the start of business on Thursday, April 9, 2020 the Tisbury Board of Health is requiring that all individuals entering a grocery store within the town of Tisbury wear a face covering. Although a cloth or surgical mask is preferable, scarves or other fabric covering the mouth and nose are acceptable alternatives.

We also ask that grocery store customers adhere to the following recommendations:

- New State orders require grocery stores to limit occupancy to 40% of their maximum permitted occupancy capacity. To assist in limiting the number of people in the store at any given time families are asked to have one individual shop for the entire family.
- Wash hands prior to going to the grocery store and use the hand sanitizer that will be provided, if available, at the entrance to the store.
- Shoppers must be sure to maintain a distance of six (6) feet between themselves and other shoppers.
- If the store appears to be busy when you arrive please consider coming back at a later, less busy time.
