To Whom it may concern:

Below is a brief schedule look ahead for the main Street Sidewalk project:

October 19, 2022- November 4 ,2022- Lawrence Lynch Co. (L.L.C.) will be ordering material and performing surveys on site for the following:

- 1) Elevation,
- 2) Underground structures
- 3) Utilities

Test pits be required to properly survey several of the underground structures, this work will be performed after Halloween.

Much of the heavy construction will begin in the second week of November – January 15, 2023

Please note:

During a project of this magnitude, road closures, detours and limited parking can be expected...

Both L.L.C. & The Department of Public Works understand the strain this project may have on many our year-round business, we are developing a plan to keep foot traffic open throughout the project so our patrons can visit their favorite shops.

Thank you

Kirk Metell

Director of Public Works.
