To Whom it may concern:

The Tisbury Department of Public works is pleased to announce phase 2 will start on Jan 30,2023 on our Main Street Sidewalk Improvements. It's important to note: the contractor will be removing the temporary asphalt patches, installing new curbing, brick landing and be repairing/ replacing drainage structures.

This phase of construction can be challenging with weather plays a key role, we are crossing our fingers that Mother Nature keeps our temperature moderate and our precipitation lite.

As you can imagine with a job of this magnitude both vehicle and pedestrian foot traffic may be altered, both business and patrons can expect limited parking, traffic delays, detours, and road closures for the next 3-4 months.

A full set of plans can be found on Town Website.

Thank you

Kirk Metell

Director of Public Works.
