> Maura Valley Health Agent

PUBLIC HEARING NOTICE

The Tisbury Board of Health will hold a public hearing on Tuesday, September 26th at 4:30 pm to review and consider amending regulations relating to the deployment of enhanced de-nitrification technologies within the Lake Tashmoo and Lagoon Pond watershed overlay districts. The following revisions are under consideration:

SECTION 5. INSTALLATION OF ENHANCED DE-NITRIFICATION TECHNOLOGY

- 5.1 Upon the occurrence of a trigger as set out in section 5.2 (and subject to sections 5.4, 5.5 and 5.6), the Board of Health will only issue a permit for a proposed new wastewater treatment system and/or any system upgrade for a **Property** in a **Watershed District** provided:
 - a) the application provides for an **Enhanced De-Nitrification Technology**; and
 - b) all other conditions for the issuance of a permit are met.
- 5.2 The following situations are "triggers" for the purposes of section 5.1:
 - a) a new wastewater treatment system is required to serve a **Property** (i.e., new construction);
 - b) at the time of replacement, upgrade or relocation of a property's existing wastewater treatment system;
 - c) additional development on the **Property** or a change in use or in intensity of use (or potential use) which would increase wastewater Nitrogen discharge beyond the Board of Health approved system capacity irrespective of whether the existing wastewater treatment system has excess sanitation capacity²;
 - d) at the time that a **Property** is transferred to another owner.

This meeting will be held at the Tisbury Town Hall Annex, 66 High Point Lane, Vineyard Haven. The public may also join the meeting via zoom at https://us06web.zoom.us/j/83915697264 Zoom ID: 839 1569 7264 and Passcode: 016721 or dial in at 1-646-876-9923.

² In the circumstance of this trigger, **Enhanced De-Nitrification Technology** may be installed as an add-on to the existing wastewater treatment system to treat the total nitrogen effluent generated by the Property.
