

1/30/24

Town of Tisbury Planning Board
regarding special permit for Mercy Bell.
I approve of this plan for two family
houses on the same property. The approval
of multi-general living on one property
will help to preserve the community.

The by law in this instance should read
two individual family dwellings.

Multiple family dwelling implies
two families in the same house. Like
a duplex, which I would also approve,
for the same reasons. For families to be
able to continue to live on the Island.

Thank you. Judith Aranyi
