

To members of the Tisbury Planning Board,

1/18/2023

As the owners of 370 Shubael Weeks Path, we are abutting neighbors of lot 52-6.11. We understand that Scotty and Emma Young will be asking the Planning Board to allow them to retain a second driveway into the property. We would like the Board to know that we have no objection to this existing condition.

This residence has been under development for the last two and a half years. We appreciate the efforts the Youngs have made to proceed with sensitivity on what looks to us like a challenging site. This request seems perfectly reasonable.

Thank you for your time and attention.

Rachel, Erica, and Sandra Eugster
