

TOWN OF TISBURY HALLOWEEN GUIDANCE

The Town of Tisbury suggests an abundance of caution this Halloween. The following roads are under significant road and sidewalk construction and potential safety hazard: William Street, Church Street, Woodlawn Avenue, Norton Avenue and Franklin Street. **We do not advise walking in this area this evening. At the Select Board Meeting a resident from William Street stated that they are not participating this year and many homes will be dark. Neither Town Hall nor the Vineyard Playhouse will be hosting their annual Halloween events. The Vineyard Haven Business Association will not be doing their annual trick or treating at the shops.**

We would like to advise trick or treaters to think locally to help prevent the spread of COVID. Be safe and smart if you are planning on trick or treating this year.

Below are the State and Board of Health Guidelines:

Residents and communities should follow safe and healthy tips to participate in Halloween activities that may limit the risk of exposure to COVID-19. As a reminder, any Halloween activities are subject to the current state [gathering size limits](#) as well as applicable [sector-specific workplace safety standards](#).

Consistent with the [Halloween activity guidance released by the Centers for Disease Control and Prevention](#), some things to keep in mind in celebrating Halloween this year include:

- Enjoy Halloween **outside** rather than attending indoor events.
- Place candy on a platter instead of a bowl
- Instead of traditional trick or treating, opt for one-way trick-or-treating, with treats placed outside of the home for trick-or-treaters as a “grab and go” while keeping distance from others.
- Consider leaving hand sanitizer by any treats left out for trick-or-treaters to use.
- Wear a face mask or face covering. For more information on face masks and face coverings, please see the state’s [Mask Up MA](#) webpage.

- A costume mask is not a substitute for a face mask or face covering. To protect yourself and others, ensure you are wearing a protective face mask or covering instead of or in addition to a costume mask.
-
- Observe good hand hygiene, including hand washing and use of alcohol-based sanitizers with at least 60% alcohol. Carry hand sanitizer and use it often, especially after coming into contact with frequently touched surfaces and before eating candy.
- Refrain from touching your face.
- Decorate your yard for others to enjoy from their car or while on a socially-distanced walk.
- Hold virtual costume contests or pumpkin carving events.
- Celebrate with members of your household with a Halloween-themed meal, Halloween movie night, or by preparing a Halloween scavenger hunt.
- Maintain social distancing of at least 6 feet of physical distance from all other participants who are not members of the same household.
- Avoid:
 - Attending crowded costume parties held indoors, or any gatherings that exceed indoor or outdoor gathering limits;
 - Going to an indoor haunted house where people may be crowded together and screaming; and
 - Going on hayrides or tractor rides with people who are not in your household.
 - Indoor haunted houses; and
 - Hayrides or tractor rides with people who are not in your household.
 - Stay home and refrain from Halloween activities, including handing out Halloween treats, if:
 - you feel unwell;
 - you have tested positive for COVID-19;
 - you have been exposed to someone with COVID-19; or
 - you have traveled to or from a state that is not classified as lower risk within the last 14 days. For more information on

lower risk states, please see the state's COVID-19 [Travel Order](#) webpage.
