November 2022:

Bay scallop dates were set opening days were set at last month's Selectboard meeting. 11/5 opening the outside the ponds and Harbor, 11/12&13 a two-day Lagoon opening, and 11/19 opening day for Tashmoo. The Lagoon had a short season, but we have seen mostly large juvenile scallops. Wrote a letter to the SB explaining the scallop season findings.

Trying to take advantage of all the nice days I could, I hauled the small boat, retrieved the crab traps from Tashmoo and a data logger from the Lagoon, before the winter. Got the last of our scallop lines in scallops seeded within the Lagoon as well as outside.

General housekeeping, moving, cleaning and putting gear away for the winter, water sampling etc.

Meetings: 11/10 Waterways meeting, 11/9 master plan meeting -open spaces, 11/14 Climate Action Plan
