October 2022:

Both Fred Benson and Nelson Sigelman left for the winter season early this month. I have been working on getting all the scallop lines out for the winter and setting up off the bottom cages for overwintering. Between the fieldwork and meetings October has been busy.

Assessing the scallop stock in the Lagoon, working on the eelgrass rafts, had to empty one due to boat and jet ski wake. Met with the Tisbury Conservation Commission for approval of HHO outside and expansion of site LP-1, it all went smoothly, and the applicant is on to ACoE review.

Meetings: MVSG 10/12, Waterways 10/13, TCC 10/18, SB 10/26
