

Tisbury Ambulance Service – April FY22 report

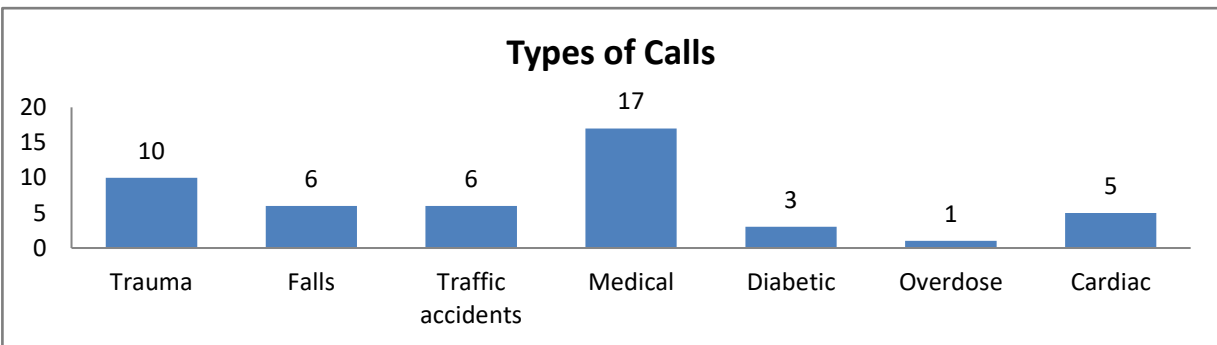

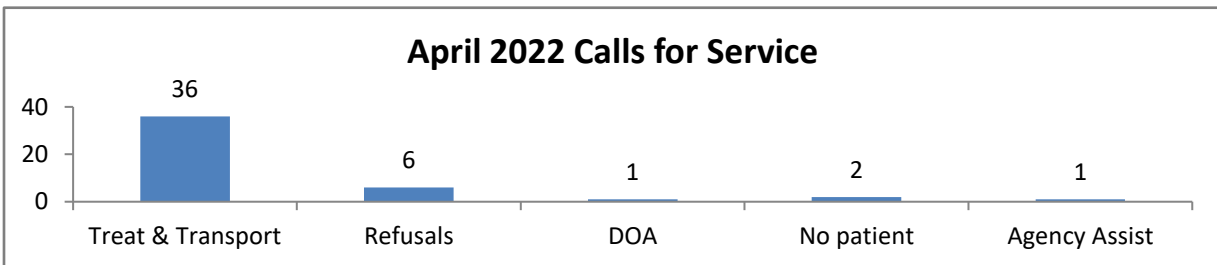

Service Both ambulances are in service. Due to the shortage of staffing, the service requested mutual aid ALS service for 2% of the month.

Staffing Staffing is increasingly challenging due to the nationwide shortages of certified professionals. There are two applications for the vacant paramedic position.

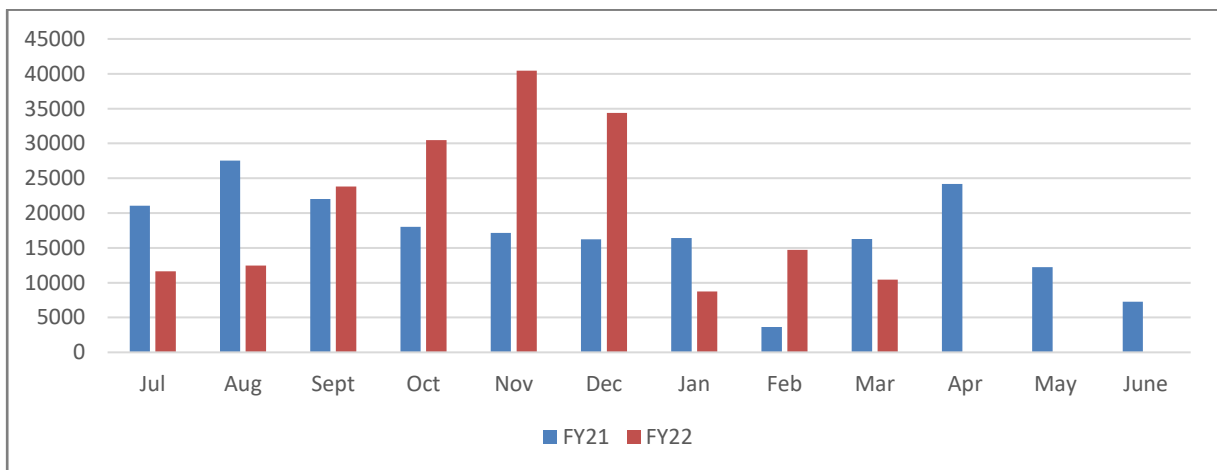

Equipment Oxygen tanks that are 10 years and older are being replaced. The oxygen generator has been repaired and is back in service.

Education All Tisbury paramedics have completed their EKG competencies and have received their continued authorization to practice.

Statistics

Year to Date Revenue = \$187,180.20
