

Tisbury Ambulance Service – March FY22 report

- Service** Our primary ambulance has been out for repair to a broken hydraulic line, returned into service March 26th.
- Staffing** We have one full-time paramedic position vacant. The position has been posted and advertised without any applicants to date. Further advertising on the cape to be pursued.
- Equipment** The Office of Emergency Medical Services (OEMS) have issued new equipment lists for the ambulances. New equipment has been ordered to maintain compliance with the state requirements.
- Education** Prior to the March 31st 2022 deadline, all full-time, per diem and volunteer EMT's and paramedics have successfully completed the training requirements and recertification process.
All affiliated paramedics are scheduled to complete their EKG competencies in April.
