Eversource's Integrated Vegetation Management Program- Herbicide use in the region

In your packet is the special legislation supported by the Town. The recommendation is to send an updated letter and have other island organizations do so as well and that this would be a topic of discussion at a future all-island Select Board Meeting or all island Board of Health Meeting.

The Community Relations Representative for Eversource, Ronit Goldstein, will be providing the proposed dates and locations for the herbicide program(s).

Respectfully Submitted
