

Complete Streets are Safe Streets

Tisbury Vision Council Community Meeting

Tuesday

March 21

4:00 PM

Katharine Cornell Theater

Consultants will present their summary analysis and draft project prioritization plan.

Please note the start time and Location.

Complete Streets Prioritization Plan

On Tuesday, March 21, our Complete Streets consultants will return to share a summary of their findings based on their inventory of existing conditions, community mapping and the February workshop. They will also present a draft project prioritization plan. Following their presentation, there will be an opportunity for community questions and comments. This meeting will take place in the Katharine Cornell Theater and begin at 4:00 pm. Participation and comments by the community will help us identify our priorities and insure the success of this project.
